Each day, 4-H youth use skills learned through their project work. We will explore those tools used by 4-H members and how we can put them to work in everyday school settings. Tools like financial literacy, public speaking, healthy eating and civic engagement. We will look at 4-H workforce readiness skills and how we can apply those skills toward academic success.

### Poster Contest

Within our projects, 4-H focuses on Head, Heart, Hands and Health. How do you use what you learned in 4-H in other areas of your life like school? Create a poster to share with others. Prizes for the best displays.
