

Happy 50th Year of Earth Day

 Connecticut Environmental Action Day 

Why it Matters!

Earth Day Network has planned to plant 7.8 billion trees this year, one planted per person in the world.

There are 300 billion trees in the United States and there are 806 million trees in Connecticut!

4oceans, the ocean clean up company, has cleaned up 4.7 million pounds of garbage in the ocean since 2017.

Actions You Can Take!

Refill your reusable water bottle.

Conserve water and electricity in your home.

Adventure outside!

Clean up litter on the streets and in your community!

Purchase vegetable and flower seeds from the store and plant a garden!
